

## **Support for Bill Tillinghast MBA CEC AAC**

On behalf of the Board and Members of the Delaware Valley Chefs Association, ACF Philadelphia

We want to take this opportunity to voice our unwavering support and hope that Bill Tillinghast MBA CEC AAC is REELECTED our Regional Vice President. Just like when Bill ran our chapter he constantly tries to widen the spotlight and make every member of the Chapter and now the Region feel as if they are valued members of the association.

He understands that the ACF will grow and prosper only when we realize that each and every member is valued for their unique talents and dedication to the profession. Only when we truly realize that the collective knowledge and talents of the entire membership is our real strength thus giving us the ability to grow and learn as we move forward into a new decade.

In the past 18 months Chef Tillinghast's quiet, confident, ethical, leadership has help to deliver an excellent conference in Hershey Pennsylvania in March of 2010, and two regional education forums held at the Desmond Hotel in Malvern Pennsylvania.

Bills focus is and will remain on the individual member and the local chapters which he believes are the soul of the American Culinary federation. While none of use knows what the future has in store for the American Culinary Federation, The members of the ACF Philadelphia chapter feel Bill is the right person to have representing the region on the National Board of Directors as our regional Vice President for another term.

Daniel D'Angelo CEC AAC  
President  
ACF Philadelphia
