

My name is John Woods. I have been an active ACF Member for 30 years, serving as a chapter office, certification evaluator, lead evaluator for accreditation, southeast representative on the secondary committee of the accreditation commission, and former chair of that committee as well. I am seeking to continue to serve as the southeast representative of the internal audit committee. I feel that my common-sense approach and attention to detail would be an asset to the committee in the next term.

Thank you for your consideration,

John Woods CEC, CWPC, AAC
