

YOU BELONG WITH US.

Take your culinary dream from culinary student to Professional Chef, Celebrity Chef, and more with first-hand experience from the American Culinary Federation (ACF) — the largest, most respected organization of professional chefs in North America and beyond.

Ask yourself:

- What sets you apart from millions of chefs, head cooks and food service professionals competing for the kind of job you want?
- How can you build your resume with job, mentorship and volunteer opportunities?
- How do you apply or get hand-picked for positions with some of the best employers around the world?
- How can you sharpen your skills, compete in culinary competitions, and earn certifications held by world-renowned top chefs?

ACF IS THE ANSWER!

Right now, ACF is furthering its commitment as champion of the culinary industry for over 90 years. We welcome students who attend culinary programs accredited by the ACF Education Foundation (ACFEF) into our ranks at little or no cost!

Our Secondary Student Program provides FREE national ACF membership to junior and senior high school students attending an ACFEF-accredited culinary program.

Our Post-Secondary Student Program provides national ACF membership to college students attending an ACFEF-accredited culinary program for just \$50 per student — a cost that may be rolled into your tuition and fees.

Ask your teacher, adviser or program administrator for more information and to register you and your classmates at acfchefs.org/students.

6816 Southpoint Pkwy, Ste 400 | Jacksonville, FL 32216 | (800) 624-9548
