

Hello, I am running for ACF National Treasury for the 2021 election. We have never been in such a pivotal time for ACF and our industry. The person for this job should have a vision, and a plan to bring this great organization back and make some very hard decisions that we will have ahead of us. I have been the treasure for many organizations especially nonprofits and 30 years as an ACF member, holding every position on the local chapter and last 8 years as regional Vice President and National Secretary has given me the tools for this job.
